

# Umei® Guard Tour System

## Easy Patrolling Easy Monitoring

1. GT2000 recorder 2. Downloader 3. Guard ID Key 4. Station Point with holder (bracket)

**For: Factory, Condominium, Shopping complex, Housing (Gated Community), Commercial Building etcj .**

### Product Description:

To start a tour, the guard just needs to touch the GT2000 recorder at each designated "Station Point" located throughout the premises. The recorder records the station point, date and time. Data recorded in the recorder is then transferred to a computer via a downloader for processing and generate reports.

### Features:

- Station point is protected by stainless steel casing.
- GT2000 Recorder is made of stainless steel. It is tamper proof, water resistant.
- Data in the GT2000 recorder is transferred via a downloader into the computer through USB port.
- Up to 2000/8000 recordings can be stored in GT2000/GT8000 recorder
- Expandable: Additional GT2000 Recorder, Guard ID Key and Station Point can be added as needed
- GT2000 Recorder is powered by a 3v lithium battery. (low maintenance)
- Works by a simple touch....security guard simply touches the GT2000 recorder to a station point to record the date and time of his patrol.
- System includes: GT2000 recorder, Carrying case, Downloader, Software in CD

### Benefits:

- Simple Operation, Reduce time in tabulating reports
  - \* Electronic Time Registrations - No paper required for recording
  - \* Easy to use and powerful software to generate comprehensive reports
